WORK EXPERIENCE

AWORK GROUP A/S

Frontend Web Developer

Remote (Denmark)

June 2025 – June 2026

- Led frontend development for a multi-application SaaS platform used by government agencies and public-sector organizations across Denmark
- Integrated Google, LinkedIn, Meta, and Microsoft APIs across multiple SaaS applications, enhancing authentication, data exchange, and platform interoperability
- Developed and launched an internal real-time chat platform adopted by both the Philippines and Denmark teams, improving cross-country collaboration and daily operational communication

AWORK GROUP A/S

Frontend Web Developer Intern

Remote (Denmark)

January 2025 – June 2025

- Assisted in building, enhancing, and debugging CitizenOne, a medical journal system by Awork Group A/S, using NuxtJS, Laravel, and TypeScript
- Conducted weekly tests on the built frontend features
- Collaborated closely with senior developers to learn industry-standard code
- Fixed minor system issues and bugs

PROJECTS

HOME MEALS BY RAF & NIKA

Panabo City

- Developed a landing page for a catering business in Panabo City specializing in home-cooked meals

UNI LUX

Metro Manila

- Developed a landing page for a luxury bag brand with a minimal design focused on product presentation

LAAGAN GEAR RENTALS

Davao City

- Built a landing page for a local gear rental business in Davao City to establish its online presence

HALAL FOOD PACKAGE DAVAO

Davao City

- Developed a landing page for a local halal food package business

GAB MATCHA BAR

Valencia, Bukidnon

- Developed a promotional landing page for a matcha/coffee bar based in Bukidnon
